

North Dakota Insurance Department

Safeguarding Promises. Fostering Fairness.
Jon Godfread, Commissioner

Press Kit

Updated January 2023

About the Department

Established upon the ratification of the North Dakota Constitution, the North Dakota Insurance Department provides regulatory oversight and consumer assistance in the insurance marketplace that exists in the State. The Department assists consumers with insurance claims and questions about their policies. Additionally, staff examine the finances and policies of insurance companies to ensure the financial viability and security of benefits to protect North Dakota consumers.

The Department is led by the Insurance Commissioner, elected by the people of North Dakota.

The Department is separated into seven divisions:

- » Life & Health/Medicare
- » Property & Casualty
- » Administrative
- » Company Licensing & Examinations
- » Fraud Investigation
- » Legal
- » Producer Licensing

Our consumer assistance team can aid North Dakota consumers by helping to resolve insurance issues, such as claims, premiums and any other questions or issues on insurance policies in the State. Whether it be auto, health, homeowners, boat, life or any other insurance policy, our Department can help.

Our Department includes an in-house fraud investigation division. Investigators receive tips from the general public and insurance companies about potential insurance fraud committed in North Dakota, investigates those claims and, if warranted, recommends charges to local State's Attorneys. Our Department has memorandums of understanding with several State's Attorney's offices where our team will lead the prosecution of those who have committed alleged insurance fraud.

A Department division of financial analysts and examiners inspect the economic health and performance of insurance companies in North Dakota to ensure companies are able to follow through on the promises made to consumers.

Department Leadership

Jon Godfread

Commissioner

Jon Godfread was elected North Dakota's 22nd Insurance Commissioner in 2016 and re-elected in 2020. In service to the citizens of North Dakota, Godfread has prioritized consumer advocacy, ensuring North Dakotans are better aware of the services offered by the North Dakota Insurance Department beyond industry regulation. He has also worked to restructure the Insurance Department for efficient and effective use of tax-payer dollars, along with better utilization of staff talents. On a national level, Godfread has been an active voice in discussions about insurance regulations including the use of technology, air ambulance service, and health care reinsurance. Godfread serves as the Vice President of the National Association of Insurance Commissioners (NAIC).

Godfread earned a law degree and a Master of Business Administration (MBA) from the University of North Dakota in 2011. He earned his bachelor's degree in business with honors from the University of Northern Iowa in 2005.

Organizational Structure

Medicare Assistance

With funds from the Administration for Community Living, the Department offers free and unbiased Medicare assistance to all residents through the North Dakota State Health Insurance Assistance Program (ND SHIP). Our counselors can assist with completing forms, filing appeals, exploring coverage options and any other Medicare-related issues. Assistance is available year-round, including Medicare Part D open enrollment.

Prescription Connection

Prescription Connection

North Dakota Insurance Department

Prescription Connection is a program that assists low-income North Dakotans with accessing prescription drugs.

In order to qualify for the program, applicants must be a North Dakota resident, do not qualify for any state assistance programs for prescription drugs and have a low income and/or financial challenges that affect the ability to purchase prescription drugs.

NAIC

NATIONAL ASSOCIATION OF
INSURANCE COMMISSIONERS

North Dakota is a member of the National Association of Insurance Commissioners (NAIC), is an organization comprised of the chief insurance regulators of all 50 states, the District of Columbia and the U.S. territories.

The NAIC provides a platform to collaborate on setting fair and competitive insurance regulatory standards. NAIC staff provide resources and guidance to departments on a variety of issues.
