

Fire District Reporting Form (SFN 52764)
Filing Instructions
Revised October 2025

Who Must File

Any insurance company issuing policies for **fire, allied lines, homeowners multiple peril, farmowners multiple peril, commercial multiple peril, or crop hail insurance** within the State of North Dakota is required to report information about the premiums received by the company on these policies. The Fire District Reporting Form is the approved form used to collect the required information.

If an insurance company did not issue or renew any policies for **fire, allied lines, homeowners multiple peril, farmowners multiple peril, commercial multiple peril insurance, or crop hail insurance** within the State of North Dakota during the past calendar year, the insurance company is not required to file the Fire District Reporting Form for that calendar year.

When and Where to File

The Fire District Reporting Form (SFN 52764) for the calendar year ending on the **preceding December thirty-first** shall be transmitted to the North Dakota Insurance and Securities Department **no later than March first of each year**. If March first falls on a Saturday or legal holiday, the form is due on the next succeeding business day.

An insurance company that fails to furnish the form on or before March first is subject to a penalty of one hundred dollars per day. If satisfied the delay was excusable, the insurance commissioner may waive, and if paid, issue a premium tax credit in an amount up to fifty percent of the penalty.

Instructions

Report the premiums written during the calendar year for fire, allied lines, homeowners multiple peril, farmowners multiple peril, commercial multiple peril, and crop hail insurance coverage on property located within the corporate limits of each city named, property within the boundaries of each rural fire protection district named, and property within the boundaries of each rural fire department named.

In reporting premiums for homeowners multiple peril, farmowners multiple peril, and commercial multiple peril, do not include any premiums for liability coverage in the premium amount reported for the city, rural fire protection district, or rural fire department

named. The liability portion of the premium for homeowners multiple peril and farmowners multiple peril is reported on Line 5 of the Totals Section. The liability portion of commercial multiple peril premiums should not be reported on this form.

In reporting premiums for crop hail insurance, do not include premiums for federally reinsured Multiple Peril Crop Insurance.

Round figures to the nearest dollar amount. Do not allocate minus figures or returned premiums to individual fire districts.

Line 4 – Totals Section. Report on this line the total of reportable unallocated premiums. Unallocated premiums are those reportable premiums for which no city, rural fire protection district, or rural fire department is named on this form. The total of reportable unallocated premium is normally zero and may not exceed 2% of the amount on Line 7.

Line 5 – Totals Section. Report the total liability premiums collected from homeowners and farmowners multiple peril insurance on this line.

Line 6 – Totals Section. Report the total of returned premiums on this line.

Line 7 – Totals Section. Report the sum of lines 3, 4, and 5 minus line 6 on line 7. The total on line 7 should equal the sum of lines 1, 2.1, 2.4, 3, 4 and 5.1 from the North Dakota state page of the company's Annual Statement.

For **County Mutuals**, the total on line 7 should match the corresponding figures on page 2, line 1b of the annual statement.

Electronic Filing Instructions

We will only accept the excel file electronically by e-mail. We have provided a Microsoft Excel file for download off our website at [Fire District Payment](#).

E-mail the file to: nrfeldman@nd.gov
